Summary

Java Developer (Fresher) with hands-on experience in building Spring Boot–based backend and full-stack applications. Experienced in RESTful API development, authentication and authorization, and MySQL integration using Spring Data JPA and Hibernate. Proficient in Java, Spring MVC, Thymeleaf, HTML, CSS, and JavaScript. Seeking Java Backend or Java Full Stack roles.

Skills

Programming Languages:	Java, JavaScript, SQL
Backend Technologies:	Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security
Web Technologies:	HTML, CSS, Thymeleaf
Database:	MySQL
Tools & Platforms:	Git, GitHub, Maven, Postman, Eclipse, VS Code
Core Concepts:	OOP, MVC Architecture, DSA (Basics), Authentication & Authorization

Major Project

Warehouse Management System (WMS) — Spring Boot, Spring Data JPA, MySQL, REST APIs

- Developed a WMS using Spring Boot to manage inbound, outbound, & inventory operations.
- Implemented database and API layers for real-time stock tracking, order flow, & warehouse transactions.
- Integrated MySQL using Spring Data JPA and Hibernate for persistent data management.
- Designed RESTful APIs and applied a modular architecture to ensure scalability.

Projects

Smart Contact Manager — Spring Boot, Spring Security, Spring Data JPA, Thymeleaf, MySQL

- Developed a full-stack contact management application using Spring Boot and Thymeleaf.
- Implemented authentication and authorization using Spring Security.
- Designed CRUD operations and integrated MySQL using Spring Data JPA.

To-Do List Application — HTML, CSS, Spring, Hibernate, MySQL

- Built a responsive To-Do List web application using HTML and CSS.
- Implemented backend logic with Spring and Hibernate.
- Designed CRUD operations with MySQL integration.

Education

Uttaranchal University *[CGPA: 7.76 / 10.00]*   *Dehradun, India*
Bachelor of Technology in Computer Science and Engineering   *Aug 2021 – Jun 2025*

Sri Chaitanya Jr. Kalasala *[Percentage: 84.6%]*   *Hyderabad, India*
Senior Secondary School   *June 2019 – May 2021*

Events & Coordination

Campus Recruitment Coordinator (CRC)   July 2024 – May 2025

- Coordinated campus recruitment drives by acting as a liaison between students and recruiters.
- Organized pre-placement talks and supported the smooth execution of placement-related events.
